### **Instructions to complete the Fall 2024 Semester @ a Glance**

- The purpose of this time management tool is for students to have a bird's-eye view of the whole semester. Using this one-page tool, write down all the due dates you have on your syllabi— homework, exams, midterms, lab reports, projects, finals, and other graded assignments.
- Consider including major social/extracurricular events to have a complete picture of the semester: birthdays, club meetings, trips, etc. You can add events that you consider significant.
- Optional: Some students find it helpful to color code their Semester @ a Glance by subject, type of assignment, or activity. You can also include how much each assignment is worth. Customize this time management tool to fit your needs.

### **Notes:**

- Midterm Progress Reports: Progress report grades of "S" or "U" are issued for all students enrolled in 1000 and 2000 level courses. These are not permanent grades, but are issued to help students determine their academic standing, so they can access a variety of academic resources available on campus if appropriate. Students can access this report in Oscar.
